Dynamic Language Center Wins Supplier of the Year at NMBC Summit Awards Gala

Seattle, WA, March 7, 2008 — Driven by persistent dedication, superb client service and timely, accurate deliverables, Dynamic Language Center was awarded the Northwest Minority Business Council's Supplier of the Year Summit Award Friday, February 29, 2008.

The honor in the class II category (gross revenues totaling \$1M-10M) comes on the heels of unprecedented growth for the women- and minority- owned company specializing in translation, interpretation and communication services. Dynamic Language Center, founded in November of 1985 by Ricardo and Maria Teresa Antezana, is very involved with the Northwest Minority Business Council.

The Northwest Minority Business Council (NMBC) Supplier of the Year Summit Award honors minority-owned businesses that exemplify excellence based on client nomination, empirical criteria, increase in contracts awarded and the greater number of contracting opportunities, and a thorough evaluation of the nominee's business practices, community leadership, council involvement and presence.

For over 30 years, NMBC has been linking major corporations and public agencies to minority-owned businesses, a multi-billion dollar sector representing and impacting today's global economy. The NMBC currently serves the states of Washington, Oregon, Montana, Idaho and Alaska and represents one of thirty-nine regions chartered by the National Minority Supplier Business Council (NMSBC). Since its founding, the NMSDC has grown, representing over 4500 corporate members and more than 16,000 certified minority business enterprises (MBE).

"Dynamic Language Center is the most perfect example of a family business that puts their love and respect for each other, their community and their clients, in concert with the utmost quality and thoughtfulness into their every action on a global scale," said Kenneth Jones, President of the NMBC. "I can think of no better honoree than Dynamic."
